Welcome to Bella

Bella is a Chicago-area specialty manufacturer of custom architectural entry and display products to the glazing industry. Our philosophy is quite simple: we treat our customers like partners by understanding and fulfilling their individual needs with products of the highest quality at competitive prices. Call and see why our principals and associates have been satisfying the needs of architects, engineers, designers and builders for over 30 years.

We treat our customers like partners by understanding and fulfilling their individual needs with products of the highest quality at competitive prices

Redefining Value

Timeliness, responsiveness and reliability are all essential components of quality customer service. But it takes more to form a partnership. By taking time to understand your business, your challenges and your opportunities, we are able to provide insight and advice that “order takers” can not offer. From rough concept and design through engineering and manufacturing, Bella associates are dedicated to helping you achieve your potential.

ENGINEERING & MANUFACTURING

Made in the U.S.A.

In Italian, Bella means beautiful. But to Italians the word is used to do more than describe something as attractive. Italians use Bella to project emotion, passion, intensity and commitment. And to us Bella is more than a name.

Bella describes the passion we have for crafting exquisite architectural hardware. Your custom product will be thoughtfully engineered using the highest quality raw materials, the latest manufacturing technology and hand finishing techniques passed down by generations of old world craftsmen.

CUSTOM HARDWARE

Out of the Ordinary

There are those who would never consider buying off-the-rack. For them ordinary simply will not do. Custom entry hardware makes a statement about the individual or company behind the door. We understand and appreciate the care that goes into crafting an extraordinary image and we use that same care in crafting exquisite custom architectural products. Whether forged, cast, shaped or laser cut, no request is beyond our ability to delight you. When ordinary simply won't do, call Bella ... simply beautiful.

FULL - HEIGHT PULLS

Grand and Elegant

Our full-height pulls provide strength, endurance and beauty to grand entrances. Our standard full-height pulls are fabricated from common bar stock in a number of variations. Have a custom application? Bella can help you to design a custom pull to suit virtually any need.

WOOD PRODUCTS

Depth and Richness

Wood provides depth, richness and warmth that metal alone can not. We offer custom wood entry and display products in a variety of colors and hardness to suit any application.

STANDARD PULLS

Versatility and Value

Standard pulls and entry products are manufactured and priced for value. Our most popular one inch straight and offset tubular products are available in nearly every imaginable finish. Want to add a custom look to a standard pull? Ask us about our custom coating technology, a Bella exclusive!

DISPLAY & SIGNAGE

Uniquely You

Add a touch of class to glass. Though we offer a wide variety of standard signage and display products, don't hesitate to ask us about our custom applications. From castings and laser cut products to fasteners and stand-offs, Bella can help set you apart.

CONSULTING & SERVICES

Metal Finishing & Custom Coatings

Whether your product is nearly complete or needs reworking, let Bella finish it right. Material analysis, color matching and design assessments are among the services we offer to assist you in crafting exquisite entry, display or custom hardware products.

The Bella Difference...

For more than three decades our associates have been producing some of the finest architectural hardware products in the industry. Our engineers and artisans have been schooled in the tradition of the old world craftsman who preceded them. Craftsman who lived and died by words like Quality, Value, Service and Integrity. Craftsman with a unique respect for fine materials and the machines that form them but who also understood that quality results not from tools alone but from the skilled hands that use them. People who put the pride in "made in the USA."

At Bella old world craftsmanship and today's advanced technologies combine to create truly exquisite entry and display products. Come experience the Bella difference.
